Modern Endpoint Protection

Server Security

Protect your company computers, laptops and mobiles with cutting-edge security products, all managed via a cloud or on-prem console.

HOW YOUR ORGANISATION WILL BENEFIT

- The easily accessible ESET PROTECT management console can be deployed on-premises or in the cloud, depending on user requirements, offering lower TCO security management.
- Single-pane-of-glass remote management for visibility of threats, users and quarantined items.
- Company endpoints and mobiles protected via advanced multilayered technology, now with brute force attack protection.
- Best-in-class endpoint security, utilising ESET's verified layered approach (combining the best of all worlds: cloud-based reputation, machine learning, and deep behavioural inspection).
- Award-winning endpoint protection combines the latest machine learning techniques with decades of human expertise.

CAPABILITIES

MULTILAYERED ENDPOINT PROTECTION INCLUDING SERVER SECURITY

ESET Endpoint Security provides strong malware and exploit prevention and can detect malware before, during and after execution. Now it also features anti-password guessing technology.

ESET Server Security provides lightweight multilayered server protection, to ensure business continuity.

- Block targeted attacks
- Prevent data breaches
- Stop fileless attacks
- Detect advanced persistent threats

CONSOLE—ESET'S UNIFIED PLATFORM INTERFACE

ESET PROTECT is a cloud-based or on-prem multifunctional remote network security management tool for ESET business security products across all operating systems. It enables one-click security deployment and the cloud console gives you network visibility without the need to buy or maintain additional hardware, reducing total cost of ownership.

- Seamless setup and deployment
- Cloud deployment does not require additional hardware or software
- Single point of network security management
- Saves time with automated tasks

About ESET

WHEN TECHNOLOGY ENABLES PROGRESS, ESET® IS HERE TO PROTECT IT.

ESET brings over 30 years of technology-driven innovation and provides the most advanced cybersecurity solutions on the market. Our modern endpoint protection is powered by unique ESET LiveSense® multilayered security technologies, combined with the continuous use of machine learning and cloud computing. Backed by the world's best threat intelligence and research, ESET products offer the perfect balance of prevention, detection and response capabilities. With high usability and unparalleled speed, we are dedicated to protecting the progress of our customers, ensuring maximum protection.

RECOGNITION

ESET received the Business Security APPROVED award from AV - Comparatives in the Business Security Test in December 2022.

ESET consistently achieves top rankings on the global G2 user review platform and its solutions are appreciated by customers worldwide.

ESET has been recognised as a 'Top Player' for the fourth year in a row in Radicati's 2023 Advanced Persistent Threat Market Quadrant.
